Award amounts may vary and the maximum amount is not guaranteed. Distribution of the award will be determined by the Russell Foundation grant committee each year and judged on the basis of promise, feasibility, and quality of the proposals. Funds for the accepted projects will be placed on deposit with the University of California, San Diego, and will be administered on a reimbursement basis through the Financial Coordinator of the Department of Visual Arts or through a stipend payment**. Funding for undergraduate awards must be expended by June 30, 2025. Funding for graduate awards must be expended by September 24, 2025. NO EXCEPTIONS.*

Eligibility:

Visual Arts students are eligible for one Russell Grant during their student careers. Undergraduates must be advanced standing, have completed 90 quarter units, and must maintain an academic grade point average of at least 3.0 in the Visual Arts major. All graduate students are eligible. In the case of projects which last longer than one quarter, all students must maintain 3.0 cumulative grade point average throughout the duration of the project in order to continue to receive funding. Students must be enrolled full time during the entire period of the award, and funds awarded must be entirely expended before graduation.

Application Requirements:

All applications must be typed, have documentation and supplemental materials attached, and be submitted by the application deadline. Incomplete or late applications will not be considered. The following items are required for submission:

1. **Proposal:** Each applicant will submit a detailed 1-3 page proposal defining their project carefully. The proposal should state the goals/objective for the project and the means to realize them, show feasibility of the project, and clearly explain how the funding would be used in completion of this project. Students with projects that include travel will need to also explain how travel to a particular destination is necessary to access specific resources which cannot be obtained without travel.
2. **Supplemental Materials:** Supportive materials (such as slides, sketches, scripts, etc.) must be included to support each application.
3. **Budget:** Grant funds might be used to support a wide variety of specific project needs including supplies, expendable equipment, equipment rentals, Xeroxing, printing/graphics, short or long distance travel, film, lab supplies, dark room time, etc. An itemized budget will be required to outline exactly how the funding would be spent, if awarded. If department or Media Center has technical equipment (ex. TV monitor, camera, accessories) and its face value is more than \$500, the item should not be included in the budget. Students can check-out the items(s) from the department and/or Media Center. If purchase is deemed necessary, equipment exceeding \$500 will be returned to the department at the end of the project.
4. **Faculty Letter of Support:** UNDERGRADUATES ONLY will need to provide a letter from a faculty member indicating their support of the proposed project.

Funds for Graduate awards can be provided through a stipend. The timing will be determined after discussion with the Visual Arts Graduate Coordinator. Note that this is considered taxable income.
